## EXPERIENCE IS THE KEY.

Our experience, as well as our continued recruitment and training of cooling tower technicians, will assure that your project progresses as determined by YOU, the client. MTS will work with your schedule and provide you with the highest quality labor to ensure your projects success. We offer reliable service along with an excellent support staff with over 75 years of cumulative labor experience with the cooling tower industry.

MasterTech Services offers hundreds of fully trained cooling tower technicians, who have erected all designs and manufactures of cooling towers nationwide. Our trained personnel can be utilized on your challenging projects to minimize your overall project labor costs. Our company also has the ability to staff your projects with safety personnel and quality superintendents, experienced in all aspects of the cooling tower industry.

## REFERENCES AND RESOURCES ARE ESSENTIAL.

The experience of our labor management team insures the successful completion of high quality cooling tower projects nationwide on time and on budget.

Our extensive experience in the cooling tower industry means that we have the resources to satisfy any and all of your cooling tower needs. MTS has the available resources to execute both union and merit shop projects anywhere in the world. Whether we are giving you fast, reliable staffing service on your cooling tower or just supplying you with technical information; our outstanding team of consultants and service technicians are ready to work for you.
